

# Step 1

1. Assemble stand-offs (x4)

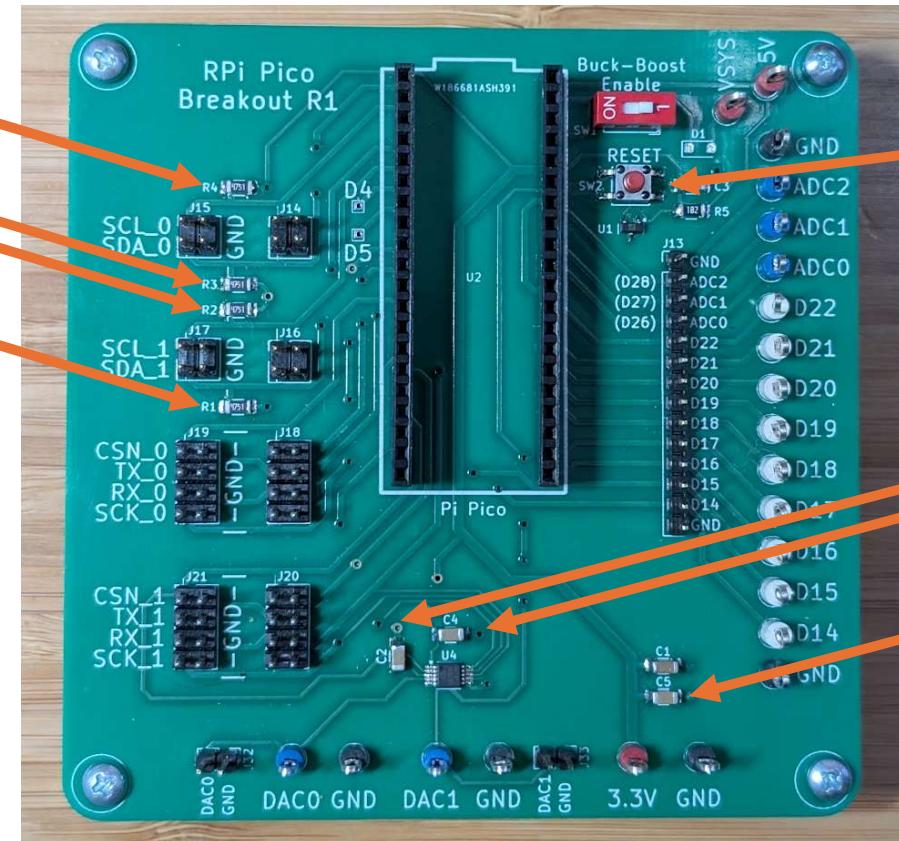

Finished Project

KiCAD PCB files, schematics, docs can be found at:  
<https://github.com/KnoxMakers/Electronics/tree/master/Classes/2025-12-06%20RPI%20Pico%20Class>

## Steps 2-4

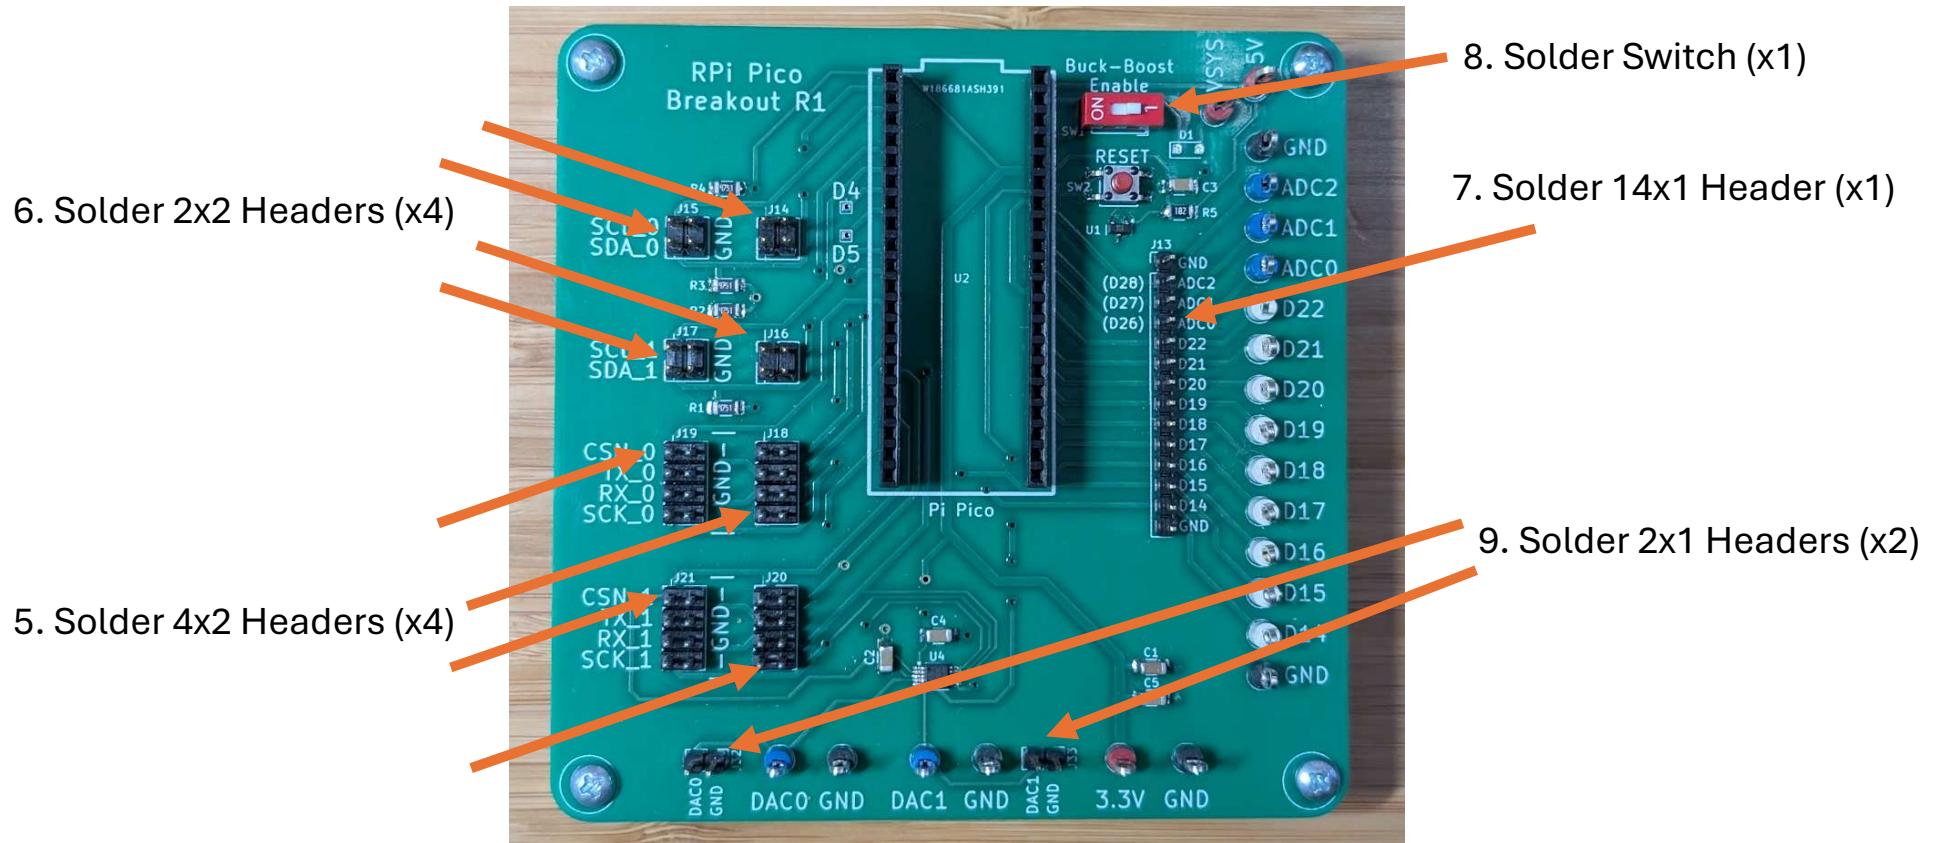

2. Solder SMT Resistors (x4)

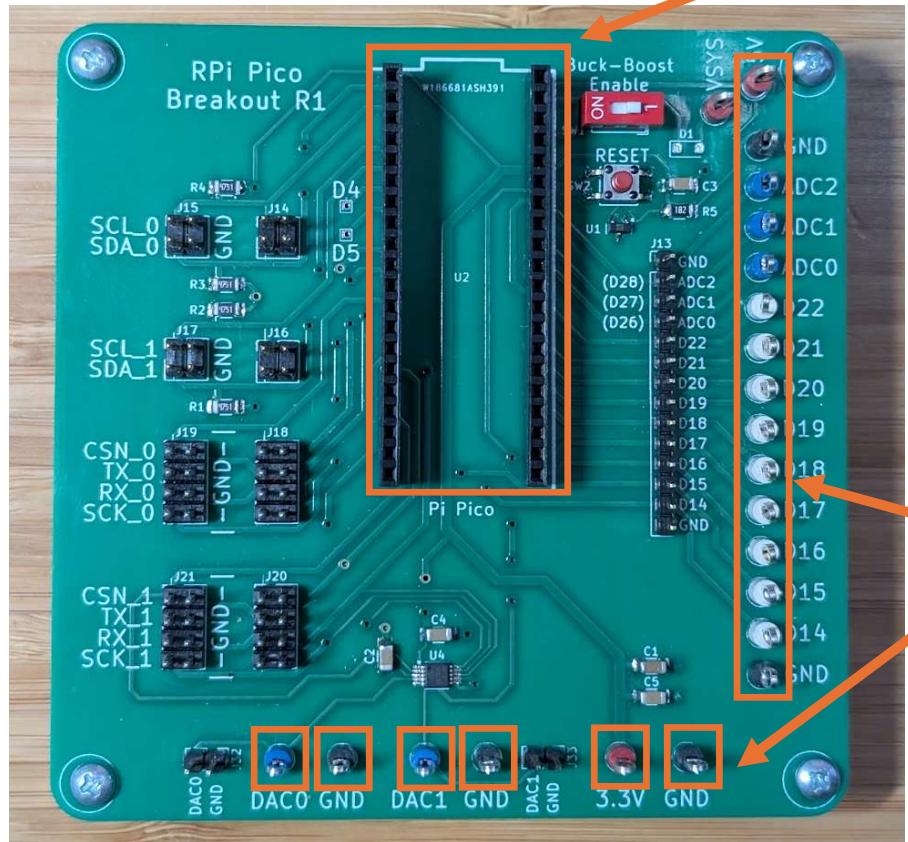

3. Solder SMT Switch (x1)

4. Solder SMT Capacitors (x3)

# Steps 5-9

## Steps 6-7

7. 20-Pin Headers (x2)

Note location of notch

6. Solder Keystone Test Points (x21)

Digipot Board
